BASEBALL CLUB ORGANIZED FOR SEASON 1914

The baseball season of 1914 started in Mirror last Monday evening and the baseball fever showed up in big chunks at a meeting which convened in the Council Chamber. It was one of the best and most representative meetings yet held for the purpose of organizing any branch of sport.

T. R. McCorkell occupied the chair and called for the nomination of officers. The following were elected for the ensuing year:

President, H. J. Rayner;
Vice-Pres., T. R. McCorkell;
Manager, E. B. Heagle;
Sec. Treas., W. J. Good;
Captain, K. R. Iveson;
Executive committee, President, Vice-President, Manager, Sec. Treasurer, and A. G. Suggs.

Comment was made on the successes attained on the diamond by last year's team, the wins totalling up to quite a respectable number. Plans for the season's campaign were discussed at length, and it was agreed that prospects were rosy for a highly creditable showing this year. The club is now in touch with several players, who wish to make this town their home, and with a bunch of last year's stars Mirror will have a daisy outfit. Fans are assured that some swift ball games will be played on the local diamond this summer.

Mirror comes up in good shape on the baseball map, and the club figure on making this

a banner year in every particular. Of course, it is up to the citizens generally to lend their hearty support, financially and otherwise, and it is to be hoped that nobody will fall down on this score.

G. T. P. COMPLETED

Marked by absence of official ceremony but fraught with the greatest possibilities as regards the future development of the country, a new era in the history of Canada was chronicled at Neches River Crossing, B. C., on Tuesday of last week when the last spike linking up the main line of the Grand Trunk Pacific railway was driven shortly before two o'clock, one mile and a half east of this point. Shortly after, the first train from Winnipeg, having on board Morley Davidson, vice-president of the road, and a party of officials, continued its journey to Prince Rupert, the western terminal of the line.

Immediately the two ribbons of steel were connected a large Union Jack was unfurled, and amid the cheers of the party assembled, which numbered about forty officials, executives of construction gangs from the eastern and western sections, the first train started on its journey through to the coast. A number of the official left on a train which returned east, connecting with the regular at McBride.

Once the steel was linked together a wire announcing the fact was sent to President E. J. Chamberlain at Montreal. A holiday for the Winnipeg officials was also decided upon, as befitting the occasion.

There was no golden spike driven, the ceremony in this connection not taking place until the fall, when it is expected that the line will be in first class shape. At the present time there is a large section on which is laid the skeleton track, and until it is ballasted and placed in A-1 condition the closing act of the drama of building the G. T. P. will not be staged.

WEDDING

A quiet but interesting event was solemnized in Edmonton, Alberta, last Thursday afternoon, April 9th, 1914, at four o'clock, when two of Mirror's popular residents, to wit, Mr. Harold E. Stevenson and Alice L. Barton, daughter of Mr. and Mrs. John Herminan, of this place, were joined in the holy bonds of matrimony. The ceremony was performed by the Rev. G. D. Armstrong, at the Methodist parsonage, only the contracting parties being present. The bride was attired in a champagne gown of new blue shade, trimmed with all-over lace. Mr. and Mrs. Stevenson arrived in Mirror last Saturday evening, and after May 1st will take up house-keeping on the bridegroom's ranch, situated on the shores of Buffalo Lake. A host of friends will join with The Journal in wishing the happily-wedded couple an abundance of happiness and prosperity.

The McCormack Lumber Co. unloaded two cars of lumber this week.

W. J. Kadlec's new cottage is nearing completion and the Kadlec family expects to move in, within a day or so.

MIRROR, ALTA., APR 17, 1914

THE GAME LAWS

A copy of the Game Act, Game Regulations, Prairie Fires Ordinance and Prairie Fires Warning poster has been received, and we learn from it that all residents of the Province residing to the south of 54th parallel who are not farmers residing on their farms or members of such farms' family residing with him on the farm require a license before hunting or shooting any game bird. This includes wild geese. Although the open season for ducks and swans is now a little later in the year, being the 1st of September where formerly it was the 23rd of August and extending until the 31st of December, the shooting of wild geese is permitted at any season of the year excepting Sundays and between one hour after sunset and one hour before sunrise. The flesh of this bird must not be trafficked in without first obtaining the license provided for by section 16 of the Act. The Resident's Bird Game License which in previous years cost the sportsman \$1.25 is now \$2.00.

As a great many of the residents of the province are interesting themselves in fox farming a close season on foxes extending from April 1st to November 1st in each year. During this time no person may hunt, trap, take, shoot at, wound or kill any foxes without first obtaining a special permit to do so. Section 27 of the act gives particulars with respect to such permits. It is also illegal for any person to export beyond

the boundaries of the Province of Alberta any live foxes without first obtaining a permit which in the case of animals reared on fur farms will cost \$15.00. In the case of animals not reared on fur farms the fee is \$10.00 for each and every black or silver fox to be exported and \$15.00 for each and every animal of any other species of the fox family. Copies of the regulations relating to foxes may be had on application. Any person trespassing on a fox farm contrary to any warning notice is liable to a penalty of not less than \$50.00 and not more than \$200.00 with costs in each case.

WHERE TITLES COME FROM

Many Bible Phrases Are Used by Authors

The hunting ground for the author in search of a title is the Bible. Mr. Hall Caine has drawn therefrom "The Woman Thou Gavest Me," "The Frolic of the Gods," "The Quagga"; Miss Marie Corelli went to the same source for "Wormwood" and "Barabbas"; Miss Braddon for "One Thing Needful" and "The Art of the Man"; Marion Crawford for "Whosoever Shall Offend," Whyte Melville for "Black but Comely," Thomas Hardy for "The Landlord's Daughter," Walter Besant for "Children of Gibbon" and "The Fourth Generation," and so on. The list might be prolonged indefinitely.

The prayer book, too, has supplied some taking titles, most notably Besant's "All Sort and Conditions of Men," Miss Rhoda Thompson's "Cometh up as a Flower," and that most effective chapter heading in Kipling's "Story of the Gadabys"—"Will Any Amusement?"

This New Medicine Saves You Money

We are druggists right here in your own city and make a living out of the drug business, but it is because you can save, and when someone is saving we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't know there are such things. We don't want you to spend more than you have to, some of you get small wages and when you're sick, none at all, and you must get the best for your money.

We recently came across a new remedy for increasing strength and aiding up people who are run-down and enervated. We know that a slight tremble sometimes gives into a serious condition. We think the beginning will save you money in the end. This new compound is called **Essal Oil Emulsion**. It is the best remedy when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-tonic and builder of good blood, strong muscle, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Retail Stores, and in this town, only by us, \$1.00. Worthy of the world's best music

To most of us the chance to hear human playing of good music comes infrequently. Only in the great cities are the appetites of the music-hungry satisfied. Even then one can hear but a small part of all the worth while concerts.

Fortunately for those who love the masters of the past, and who have the judgment to recognize in present day composers the masters of the future, there is the Edison Phonograph. It is worthy of Wagner, of Bach, of Puccini. The clear, sweet tone, remarkable in its purity, is simply a translation of human music into your own home. Unless you have heard the newest Editions, you have no conception of their wonderful mellow quality. You never realized that such beauty could be applied to sound.

Ask your Edison dealer to play one of the Blue Amberol Records—then you will know that the whole world of good music—past and present—is open to you.

Edison Amberol
Has Diamond-Point Records—clearly cutting notes, never gets dirty and keeps its tone. Beautifully designed and complete.

Lister Gasoline Engines :: Mellett Cream Separators

A Leading firm of Contractors (name and address on application) sent an expert to the Toronto Fair, 1913, to buy the best Gasoline Engine on the grounds. After a careful examination and comparison with others he brought a LISTER 7 H. P. 35-36 GINE because he found

THE LISTER GASOLINE ENGINE

The most reliable and best value. It starts instantly—every time—no batteries to run down. Self-oiling—no oil cups to fill, no oil wasted. Self-regulating at all loads. No attention needed when at work. Fitted with phosphor-bronze bearings throughout. No loss of fuel to wear and causes trouble. In a word, the best engine on the market (a 5 h. p. and a 7 h. p. in stock, come and see them.)

Also Agent for Massey-Harris Gasoline Engines and Cream Separator.

Hair Doesn't Die It Has To Be Killed

Hair often continues to live and grow long after the death of the body. But it is often killed through neglect or misuse. Almost always the woman or man whose hair is falling out, or is stringy, lifeless and dull-looking, is entirely to blame because of not giving it the proper care. It is easy to take care of the hair. Use Harmony Hair Restorer to make it glossy, soft and healthy, and Harmony Shampoo to keep hair and scalp thoroughly clean. It is delightfully perfumed with true rose. Sprinkle a little on your hair each time before brushing it. Contains no oil, and will not change color of hair, nor darken gray hair. To keep your hair and scalp healthy, free and clean, use Harmony Shampoo. This pure liquid shampoo is most convenient to use, giving an instantaneous rich, foaming lather that immediately penetrates every part of the hair and scalp, leaving a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few minutes. Contains nothing that can harm the hair, and leaves no harshness or stickiness. Both preparations come in one-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Restorer, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the store that 7,000 Retail Stores, and in this town, only by us, Suggett Bros., Mirror, Alta.

BEAMISH & CO., MIRROR

BY-LAW NO. 12

Of the Village of Mirror, Province of Alberta

"Public notice is hereby given that the following by-law has been introduced in the council of the Village of Mirror, Province of Alberta, and that unless within twenty days after the last insertion of this notice at least ten resident electors of the village petition the council to submit such by-law to the vote of such resident electors of the Village the Council will proceed to pass same.

1. Whereas a by-law is necessary to restrain animals from running at large inside the Village limits. Therefore the Council of the Village of Mirror in Council assembled enact as follows:

1. That no animal, horses, cattle, mules, sheep, goats or swine shall be permitted to run at large within the Village of Mirror except as herein after provided.

2. (A) That any animal or animals that are not under the control of its owner, either by being securely tethered or by confinement within any building or other enclosure of a fence, whether such fence be lawfully or not and is on the premises of other than those of the owner or occupants, shall be deemed to be running at large.

(B) That any animal or animals in direct or continuous charge of a horse upon occupied lands shall be deemed to be running at large.

3. That no animal shall be permitted to run at large within the Village limits from the first day of March till the fifteenth day of November, provided however that the Village Council may by resolution at any time extend the time to cover the entire year, and notice of such resolution shall within one week after it passed be inserted in any newspaper published having a circulation within the Village of Mirror. And it is further provided that no steers or one year old and no bull over six months old and no swine shall be allowed to run at large in

side the Village limits at any time during the year.

4. That no animal not the property of owners or occupants of any land within the Village limits shall be allowed to run at large within the Village limits at any time of the year.

5. That the owners or occupants of any lands within the Village limits may capture any animal running at large within the Village limits and he or his agent or agents may drive, lead or convey such animal to and deliver the same at the nearest pound one of which shall be located within the Village of Mirror.

6. That the Village Council shall by resolution from time to time fix the place and name the person or persons with whom such animals so distrained shall be impounded and notice of such resolution shall be inserted in at least two issues of any newspaper published or circulated within the Village of Mirror.

7. That all proceedings in regard to any animals impounded under this by-law shall be in accordance with clause 162-170 inclusive of the Village Act which is as follows:

163. Any person claiming any damage for trespass by any animal impounded may, at any time before the animal is released, deliver to the poundkeeper a statement in writing, showing the amount of his demand.

(b) Upon the receipt of such statement the poundkeeper shall apply to the reeve or to any one of the councillors of the village, or a justice of the peace, who is hereby authorized and required to forthwith summon three disinterested inhabitants of the village, and such three appraisers or any two of them shall, within twenty-four hours after the receipt of such statement, view the ground on which the animal or animals were found doing the damage and appraise the damage committed, and the determination of a majority of the said appraisers shall be conclusive as to the amount of such damages and they shall, within twenty-four hours after having made the view, give in

writing, to the poundkeeper a statement of the amount of damages caused by them, and said amount shall be thereunto to be collected from the owner or to be retained from the proceeds of the animal or animals or damages by the poundkeeper.

164. If any poundkeeper impounds or assists or incites or employs any person to impound any animal in the village unless such animal was at large within the Village limits and he or his agent or agents may drive, lead or convey such animal to and deliver the same at the nearest pound one of which shall be located within the Village of Mirror.

(2) Every poundkeeper shall keep the pound to which he is appointed clean and in good repair and shall supply the animals impounded therein with sufficient and wholesome sustenance and provide for them such shelter as is commonly provided at the time for animals of similar age and class in the vicinity, and the poundkeeper may send such animals out of his pound at fit times and to fit places for grazing or watering and every poundkeeper shall be responsible to the owner of any impounded animal for all loss or damage occasioned by any act or negligence of himself or his agent, in no case shall an open wire corral be regarded as a suitable pound.

165. If the owner of an impounded animal is known to the poundkeeper as the owner of such animal the poundkeeper shall only sell sufficient of such animals to satisfy the claims for damages, expenses and fees chargeable against the animals and the owner of the animals shall be entitled to such remaining unsold.

(2) If the owner of the animals is unknown the poundkeeper shall sell all the animals impounded.

(3) The poundkeeper shall immediately after such sale send to the treasurer a descrip-

tion of the animal sold, the date of sale, the amount realized and the disposition thereof.

166. No poundkeeper making a sale under the provisions of this Act shall be liable to a penalty for selling without a license as an auctioneer.

170. The proceeds of the sale of any impounded animal sold under the provisions of this Act shall be applicable in payment:

(a) Of any costs and charges attending such sale;

(b) Of all attendance fees;

(c) To the impounder of such animal of the amount due to him for capturing and impounding same, if any, and to claimant for damage done; and the residue, if any, shall be paid to the owner of such animal or if not claimed at the time of sale by any person entitled thereto, to the treasurer of the village.

The last date of insertion of this notice is April 24th, 1914.

W. C. GARDNER,

Secretary of the Village of Mirror.

Readal Dyspepsia Tablets

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter after the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when your body is at rest.

As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Readal Dyspepsia Tablets for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, as it is not necessary to confine the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Readal Stores and in this town only by us.

In your pocket tin boxes, 10c, 25c, 50c

This Is Our Guarantee You

Risk No Money

If Readal Dyspepsia Tablets do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing.

We won't hesitate, or ask you any questions. Your word is enough. If Readal Dyspepsia Tablets do not do all you expect them to

—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

Suggett Bros., Mirror, Alta.

Readal Means "KING OF ALL" — Our's is The Readal Store in this town

TO PREVENT CAR SHORTAGE

Car Efficiency Best Promoted by Co-Operation

The Board of Traffic News of Toronto recently printed an article on how best to prevent car shortage and among other things points out that car efficiency can best be attained if the following measures are adopted:

1. By the satisfactory handling of traffic with the use of a pit for cars which can best be accomplished by the ordering of cars of suitable dimensions and loading them to their full capacity.

As an illustration: Assuming a tonnage of 2,000,000 tons is loaded and transported in 250,000 cars, or two tons per car. An increase in the load to 15 tons would result in the same tonnage being transported in 200,000 cars, thereby freeing 50,000 cars for other service. A firm shipping 500 tons of 15 tons each for 500 working days by increasing the average load per car to 15 tons, move the same volume of traffic in 120 instead of 150 cars.

2. Handling the business in the most efficient manner possible. The railways should transport the freight quickly, unloading of cars by their gate cars. The full free time permitted by the Car Service Rules should be taken advantage of unless actually necessary.

3. Shippers and consignees should ascertain whether their facilities are amply efficient to ensure the prompt handling of their freight, and the order of cars for loading and unloading should be so arranged as to lose no time in handling when placed.

The best method that the public as well as the railways have duties to transport to provide a smooth flow of traffic.

In a certain small English village there were two bachelors living on the same street. One placarded his sign at one end of the street and the other prominently placed eight pence on his door.

"Number one then placed a notice in the window, saying that he was under one shilling could be taken to this was the announcement: I have made the sign."

Larger Yields per Cow

During these short winter days many cows are dry, and the cows that are milking are not giving very much, would it not be wise to plan for improvement of the dairy herd?

Feeding the average household consumer a fair quantity of milk daily all through winter, and seeing that the ice cream trade is not by any means dead during the cold months, it is not a pity that there are not more good milk and sweet cream available?

Current prices and demand should prove an incentive to a large number of producers to do more thoroughly for their dairies.

Some of the variations in yields are very marked: it is a common thing to find a cow in one section of the herd in four adjacent sections averaging one hundred pounds of milk difference, for instance, from 450 by five stages of 100 up to 150 pounds.

Many of these poor cows could easily be giving, under better conditions of food and care, another three or four pounds of fat each per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

It is more than a little to be expected that a cow should give more than 100 extra pounds of milk per month; after a year or two at cow testing the herd would probably average as many as 100 extra per cow.

TRAP SHOOTING AT BASHAW

The second annual Trap Shooting Tournament of the Bashaw and District and Buffalo Lake Gun Club will be held in Bashaw on Friday, April 24. The shooting will start at 9 a. m. sharp and the programme will consist of six sweepstakes; 30 birds, \$5.00 added and \$2.00 entrance, in each event; 15 men team shoot (members of teams must be bona-fide residents of Bashaw or Buffalo Lake in Canada); 25 birds, \$10.00 added and \$2.00 entrance; consolation sweepstake, 30 birds, \$5.00 added, and \$2.00 entrance.

The officers of the Gun Club are Geo. H. Resmer, president; W. H. Williams, Jr., vice-president; A. J. Whitty, J. P., chairman executive committee; Ormond Whitby, treasurer; C. Willmott, M.D., secretary. Many teams from the surrounding towns will attend the Bashaw tournament. Mirror will enter a team for the 5-men event and will no doubt, win their share of the sweepstake money.

S. BUFFALO LAKE

With Easter has come weather that unites the farmers here begin their work on the land. Work is general this week over the harvests and dies being busy preparing the seed bed.

Percy Fell returned home on Saturday last.

Your correspondent paid a visit to Eskrine last Saturday and Sunday. He found the land in that district, also that in spite of dull times, the Eskrine section is getting their fair share of business, and the stores and livery barns seemed pretty busy. Many enquiries were made as to how the burg of Mirror was progressing.

J. W. Gallenkamp, who is now living on the north shore of Buffalo Lake, was in town on Tuesday. He has engaged Fred. Dowdall to build a 20-foot boat.

Prairie fires have been quite numerous during the past week and a bush fire in the north-west of Mirror on Monday evening cast a brilliant reflection in the sky.

Six new members were initiated into the Young Men's Club at Mirror last Tuesday evening, and the same number will join at the next meeting, when H. E. Ringrose, provincial manager, will be present with a complete set of regalia.

Quite a number of wild geese have been hovering around Spotted Lake and a number of sharpshooters are on the war-path.

D. M. Jewell has been awarded the contract by the Mirror School Board for hauling the children from the district north-east of here to the Mirror school. His terms were \$3.50 per day, free tuition for three children, and free barn and feed for horses. He commenced his duties last Tuesday, and brought in seven children, but it is expected this number will be increased in a week or so. The complete roster is 15 miles.

Mr. and Mrs. R. B. Pearson, of Edmonton, Alberta, spent Easter Sunday with Mr. and Mrs. A. G. Suggett. Mrs. Pearson is an aunt of Mrs. Suggett's.

Frank Brent, of Didsbury, Alberta, spent Tuesday evening of last week with John Stevenson.

F. M. Carmichael, of the Bank of Commerce staff, spent the Easter holidays in Edmonton.

The next meeting of the "Country Women's Club" will be held in the Parish room at Bashaw, Saturday, April 25, at 2:30 p. m. All country women and their daughters who are not already members, are cordially invited to attend.

James R. Allen has bought 55 acres of the S. W. 14 of 14-22, from his son, C. T. Allen, and intends erecting several buildings at once. Mr. Allen and family recently arrived from Pague, Nebraska, and they will move to the new location as soon as the buildings are completed.

El. Rosa, of Pague, Nebraska, has rented from C. T. Allen the farm known as the Longridge place.

J. H. Daultman was a visitor in Edmonton last Friday and Saturday, attending the Horse Show.

Rev. J. Upton has recovered sufficiently from his siege of rheumatic fever to leave the Mirror hospital.

G. H. Darlow and Mr. Mitchell, of Alx, were in Mirror on Thursday.

We extend a welcome to Mrs. T. S. Little and baby daughter, Kathleen, and the former's sister, Miss Biggar, who arrived in Mirror last Friday evening, from Blenheim, Ont. Mr. Little is manager of the bank in Blenheim, and the Canadian Bank of Commerce and has been here for some time. They have taken up their residence in a house recently purchased from N. H. G. Rathven.

Rev. J. Upton will conduct service in the Methodist church on Sunday next.

Guy Fym arrived home last Saturday from four months' visit to his home in England. He was accompanied here by his sister, Miss Lucy B. Fym, and her friend, Miss Gordon.

Geo. Allen, a former resident of Lamerton and well-known to the old-timers was in town last Tuesday. He is now travelling for a Montreal hardware firm.

The Star Pool Hall changed hands this week, the new proprietor being J. W. Wright, who traded his former business to Ed. Bray, who has the owner for some time. Mr. Wright has moved to town and will take charge of the business. T. R. McCorkell has been the lessee for the past year and will continue to make his home there. Mr. Wright takes possession next Monday.

Mrs. J. B. Dowdall, wife of Fred. Dowdall, of Red Deer, is in town assisting at the house given by the Ladies Guild, of Mirror.

We are pleased to report that Mrs. J. Crutchfield, who has been the hospital at Edmonton with a poisoned hand is recovering rapidly.

Mr. and Mrs. K. R. Iverson, Mr. and Mrs. A. G. Suggett and W. J. Good motored to Clive on Good Friday. Earl Estell accompanied them.

A. J. Hunt expects to leave in the course of a few weeks on a trip to his home in the Old Country. He will return in about four months and expects to bring a number of settlers with him. He will also boost Mirror and district.

J. W. Wright is expressing satisfaction over the result of his auction sale last Monday. There was a good crowd present and half the proceeds of the sale were cash. His prices were realized on stock, a six-year-old grade cow with a tendency of calf brought \$127, and a yearling \$35.

Alex. Mather has improved his cottage in Alx with a brick fire place. Wm. R. Woolgar was the builder. These added improvements to Stuart's double are rather auspicious.

Mr. and Mrs. J. E. Steers, of Bashaw, were in town last Monday evening, on their return from a trip to Lacombe.

BENEDICTS PAY BILL

The first shoot of the Mirror Gun Club was pulled off on Thursday afternoon and as a result the married men will form the necessary rain for an oyster supper in the near future. The shooters won out by a margin of thirty, the score and contestants being as follows:

Single men:
E. E. Estell..... 13
J. H. Daultman..... 7
R. Hopkins..... 11
M. Whitteon..... 7
C. McCormack..... 11

Married men:
Geo. Robinson..... 13
H. Mitchell..... 9
H. Mitchell..... 9
F. Allen..... 8
J. Cairns..... 11

The afternoon's sport also included three sweepstakes, 10 birds and an entrance fee of \$2.00. The purse was divided 30 and 10.

Event No. 1.

1. H. Mitchell..... 10
2. E. E. Estell..... 9
3. Geo. Robinson..... 8

Event No. 2.

1. Carl McCormack, Ray Simpson, E. Estell..... 6
2. C. Surles..... 6
3. F. Allen, R. Hopkins, J. Cairns..... 6

Event No. 3.

1. H. Mitchell..... 9
2. J. Cairns..... 8
3. F. Allen..... 8

The strong wind blowing at the time made it exceedingly difficult to break all the birds.

The Mirror Gun Club is in good shape financially and expect to have a paid up membership of 40 before the season is very far advanced.

THE MAIL SERVICE

The Western Standard (Calgary) in its issue of April 11th, makes the following pertinent comment on a condition of affairs which has been the subject of discussion in Mirror for some time:

"The Standard now has some real work for the Board of Trade and the Industrial Bureau. If properly handled this work will prove of inestimable benefit to the business interests of Calgary and will naturally result in the credit of these two associations."

Have proper mail service with the cities along the C. N. R. and the P. C. is urged at once. Today if the business men of Calgary desire to communicate with the cities along the line of these roads it takes nearly ten days to send a letter to get an answer.

Think of this. It takes longer to communicate with a town fifty miles away than it does to send to Montreal and back again. What opportunity will the business men have to compete with eastern firms with this state of affairs staring them in the face? It is a condition that can and should be rectified at once. The business interests should not be hampered in this way, neither should the people in these progressive little towns be retarded in their growth and progress by a failure to receive proper mail service. It's up to you gentlemen, making an undertaking is not an impossibility, and is of sufficient importance to warrant immediate action.

Let us hope that the organizations mentioned will do their utmost to secure the thing they desire. If the Calgary Board of Trade could unite with the Boards of Trade in the other four counties along the C. N. R. and C. P. R. it might add power to their demand.

Word has been received from the head office of the Brotherhood of American Yeomen, that the annual picnic will be held at Mirror Beach, commencing on Wednesday, July 1st. Edmonton lodge made a strong bid for the picnic but on account of Mirror being more central it was decided to hold the event here. A great deal of interest is being shown in the picnic and it is expected that the program etc., will be announced shortly.

W. B. Bannish has built an addition to his house, and has also created a new barn.
